Math 214 Notes

Keshav Balwant Deoskar

February 27, 2024

These are notes taken from lectures on Differential Topology delivered by Eric C. Chen for UC Berekley's Math 214 class in the Sprng 2024 semester. Any errors that may have crept in are solely my fault.

Contents

1 February 27 - Continuation of Sard's Theorem.

Recap

- Last time we showed the $m = 0, n = 0$ cases.
